

Connecting Older Adults with Community-based Resources and Options

**AgeOptions** invites you to attend a training and information session on data from the Census bureau and the new tool to access it.

**“The New American FactFinder”**

Is an online tool to help you access vital demographic information about your community.

**Population Totals, Racial/Ethnic Groups, Social Characteristics,  
Economic Characteristics, & more.**

**WHEN:** November 16<sup>th</sup> or 20<sup>th</sup>, 2011 1:30 P.M. to 3:30 P.M.

**WHERE:** AgeOptions’ Office  
1048 Lake Street, Suite 300  
Oak Park, Illinois

**Additional Information:** As the “baby boom” generation ages, rapid growth in the older population is projected over the next several decades. Census data has traditionally been an important resource for policy makers and analysts responsible for addressing the social and economic challenges of an increasing older population.

**This is a hands-on session** and specific examples will be presented. An opportunity for participant questions and discussion is included.

**Note:** Due to limitations of space, Agencies cannot send more than 2 staff members to this workshop. AgeOptions has 6 Laptops available for loan (up to 2 people per laptop).  
**Wifi is available for agencies bringing their own laptop.**

**If you have your own laptop, please bring it.**

Complete the attached registration form and e-mail to: [erin.mccabe@ageoptions.org](mailto:erin.mccabe@ageoptions.org)
